

## Kennesaw Mountain Trail Club Project Form

**Project Title:** \_\_\_\_\_

**Project Leader(s):** \_\_\_\_\_

**Brief Description:**

**Measurable Results:**

**Asset Questions:**

Asset Questions:	YES or NO:	If no, explain why:
<b>1.</b> Does the proposed project involve either new construction or repair/rehab existing structures/utilities/assets?		
<b>2.</b> Does the project take place in the same location/footprint/trench used as before? If 'no', what is the distance from the original footprint? Is it in a previously undisturbed area?		
<b>3.</b> Will there be any cut & feel materials? If so, how many cubic yards & where will materials be deposited (both temporarily and permanently)?		
<b>4.</b> If fill materials are taken, identify the specific site fill taken from and if the materials are native to the park. How will the fill be "stored"?		
<b>5.</b> Will a staging area be required? If so, identify staging are(s) [describe or attach map], what type materials and/or equipment/how long? What is estimated square footage of staging area?		

Asset Questions:	YES or NO:	If no, explain why:
<b>6.</b> How/where will construction/project debris be disposed of?		
<b>7.</b> Explain other alternatives that have been considered.		

**Cultural/Historic Resource Questions:**

Cultural/Historic Resource Questions:	YES or NO:	If no, explain why:
<b>1.</b> How much subsurface excavation will be necessary for utilities, footings, bore pits, etc. ? Quantify (by width, length, depth, cu. ft., number of lines, size of lines, etc.)		
<b>2.</b> Will the project effect the historic landscape or change/ alter historic design intent? (This includes historic fabric, materials used, structural integrity, vegetation, appearance, etc.)		
<b>3.</b> Does the project involve repair/rehab/construction in or near a known archeological site or resource?		

**Natural/Water Resource Questions:**

Natural/Water Resource Questions:	YES or NO:	If no, explain why:
<b>1.</b> How much surface area will be disturbed, cleared, or denuded of vegetation? (Quantify by square footage, acres, number of trees removed, etc.)		
<b>2.</b> Does the project involve subterranean resources or other geologic features?		
<b>3.</b> Does the project involve repair/rehab/construction in or near a known archeological site or resource?		
<b>4.</b> Does the project involve structures, fill or discharge of dredged materials into water? (Example: bridge crossing, boardwalk, gravel, culverts, boat deck, etc.)		
<b>5.</b> Will the project impact drinking water supplies or distribution systems?		

# Kennesaw Mountain Trail Club Project Form

## Land/Visitor Use Questions:

Land/Visitor Use Questions:	YES or NO:	If no, explain why:
<b>1.</b> What changes will occur in land/facility use? (Example: converting pasture into leach field; existing facility into non-traditional use; boat ramp in previously undisturbed waters; road/trail/facility closures)		
<b>2.</b> Does the project change existing traffic flow or circulation (vehicular/off-road/marine/pedestrian/overflight)?		
<b>3.</b> Will the project alter available visitor services or activities (parking, trails, visitor center, recreation, accessibility)?
